ANNEX II

QUESTIONNAIRE ON PROPOSED ELEMENTS OF THE STRATEGIC FRAMEWORK FOR CAPACITY-BUILDING AND DEVELOPMENT UNDER THE NAGOYA PROTOCOL ON ACCESS AND BENEFIT-SHARING

Please provide your views and suggestions for each of the proposed elements of the strategic framework.

1. OBJECTIVES

In accordance with Article 22 of the Nagoya Protocol, the objective of the strategic framework is to assist Parties in the capacity-building, capacity development and strengthening of human resources and institutional capacities in developing country Parties, in particular the least developed countries and small island developing States among them, and Parties with economies in transition to effectively implement the Protocol.

Please provide any views on the possible objective(s) for the strategic framework.

Translation of the protocol in to some regional languages such as Suwahilli and Hausa and or other languges in the case of Africa, for the benefit of indigenous communities will be quiet helpful in order to archieve the objectives.

2. EXPERIENCE AND LESSONS LEARNED FROM PAST AND ONGOING ACCESS AND BENEFIT-SHARING CAPACITY-BUILDING AND DEVELOPMENT INITIATIVES.

Please provide a short description of your experience and lessons learned from past and ongoing access and benefit-sharing capacity-building and development initiatives which could contribute to the development and implementation of the strategic framework.

Language barrier is always an issue in development innitiatives as whole when it comes to dealing with indigenous peoples issues,therefore the translation of some of the relevant documents into some local languages or the use of some selected indigenous languages during relevant activities at the grass root level will be important especially in some parts of Africa.

3. GUIDING PRINCIPLES AND APPROACHES TO CAPACITY-BUILDING AND DEVELOPMENT

The preamble of the recommendation 1/2 of the Intergovernmental Committee provides a preliminary list of principles and approaches to guide capacity-building and development in support of the implementation of the Nagoya Protocol, as follows:

- a) To be demand-driven, based on the needs and priorities identified through national self-assessments;
- b) To take note of experiences and lessons learned from past and on-going ABS capacity-building initiatives;
- c) To emphasize the role of bilateral and multilateral cooperation;
- d) To ensure full involvement of indigenous and local communities and relevant stakeholders, including women, in capacity-building and development initiatives; and

- e) To recognize the usefulness and cost-effectiveness of subregional and regional approaches to capacity-building and development in particular where countries have similar biological resources and common capacity-building needs.

The list below contains the GEF operational principles for effective capacity-building.³

*Please indicate from this list which of these principles and approaches could be reflected in the strategic framework to guide capacity-building and development initiatives under the Nagoya Protocol by **placing a cross (X)**.*

- Ensure national ownership and leadership
- Ensure multi-stakeholder consultations and decision-making
- Base capacity building efforts in self-needs assessment
- Adopt a holistic approach to capacity-building
- Integrate capacity-building in wider sustainable development efforts
- Promote partnerships
- Accommodate the dynamic nature of capacity-building
- Adopt a learning-by-doing approach
- Combine programmatic and project-based approaches
- Combine process as well as product-based approaches
- Promote regional approaches

Other <please specify>

4. KEY AREAS FOR CAPACITY-BUILDING AND DEVELOPMENT AND MEASURES TO BUILD OR DEVELOP CAPACITY UNDER THE KEY AREAS

This element of the strategic framework will be based on the responses to the questionnaire on domestic needs and priorities (Annex I).

5. MECHANISMS FOR THE IMPLEMENTATION OF CAPACITY-BUILDING AND DEVELOPMENT MEASURES

This element of the strategic framework will be based on the responses to the questionnaire on domestic needs and priorities (Annex I).

6. COORDINATION MECHANISM

Article 22, paragraph 6, of the Protocol provides that information on capacity-building and development initiatives at national, regional and international levels should be provided to the Access and Benefit-sharing Clearing-house with a view to promoting synergy and coordination on capacity-building and development for access and benefit-sharing.

*In addition to reporting to the Access and Benefit-sharing Clearing-House, other possible elements for a coordination mechanism are listed below. Please indicate which of these, in your opinion, could be useful element(s) for a coordination mechanism to promote synergy and coordination on capacity-building and development under the Nagoya Protocol **by placing a cross (X)**.*

³ GEF/C.22/8 “Strategic Approach to Enhancing Capacity Building” (2003). Definitions of the operational principles can be found in the annex to the document.

- Liaison group providing advice to the SCBD on ways to improve coordination
- Coordination meetings of government agencies, donors and relevant organizations involved with capacity-building
- Online forums and networks linking government agencies, donors and relevant organizations involved with capacity-building through internet-based tools

Other <please specify>

Please provide views regarding a coordination mechanism for capacity-building and development under the Nagoya Protocol.

None

7. COOPERATION AMONG PARTIES AND WITH RELEVANT PROCESSES AND PROGRAMMES

Please provide views or information on possible or existing cooperation among Parties and with relevant processes and programmes which could support the implementation of the strategic framework.

None

8. MONITORING AND REVIEW

Please provide views on how the strategic framework could be monitored and reviewed.

Through the development of indicators.

Please indicate whether, in your opinion, the development of a set of indicators to facilitate the monitoring and review of the strategic framework would be useful.

In our opinion the development of set of indicators to facilitate the monitoring and review of the strategic framework would be very useful.

If you think the development of indicators could support the monitoring and review of the strategic framework, please indicate whether, in your opinion, it would be most appropriate to develop the indicators at the national and/or international level. If possible, please also provide examples of such indicators (e.g existence of a legislative framework to implement the Protocol).

It would be most appropriate to develop the indicators at both National and International levels.

9. POSSIBLE SEQUENCE OF ACTIONS FOR THE IMPLEMENTATION OF THE STRATEGIC FRAMEWORK

Please provide your views and/or information regarding possible sequence of actions for the implementation of the strategic framework, including a possible roadmap of activities to assist countries in defining their priorities and corresponding timelines. This could include actions at the international, regional and national levels.

None

10. FINANCIAL AND OTHER RESOURCE REQUIREMENTS

Please provide your views and/or information regarding financial and resource requirements in relation to the implementation of the strategic framework.

Funds and capacity development will be very useful.

11. OTHER POSSIBLE ELEMENTS

Please provide a short description of any other element that you wish to see reflected in the strategic framework.

None
