

# IFSA CONTRIBUTION TO AICHI TARGETS

*Citra Gilang Qur'ani*

*Bachelor student at Faculty of Forestry,  
Universitas Gadjah Mada, Indonesia.*

# Background

## Aichi Biodiversity Targets (2010-2020)

- Strategic Goal A  
Address the underlying causes of biodiversity loss by **mainstreaming biodiversity** across government and society
- Strategic Goal E  
Enhance implementation through participatory planning, knowledge management & **capacity building**

International  
**FORESTRY  
STUDENTS'**  
ASSOCIATION

# What is IFSA ?

78 local committees  
from 55 countries

non-governmental, non-religious  
and non-profit organization

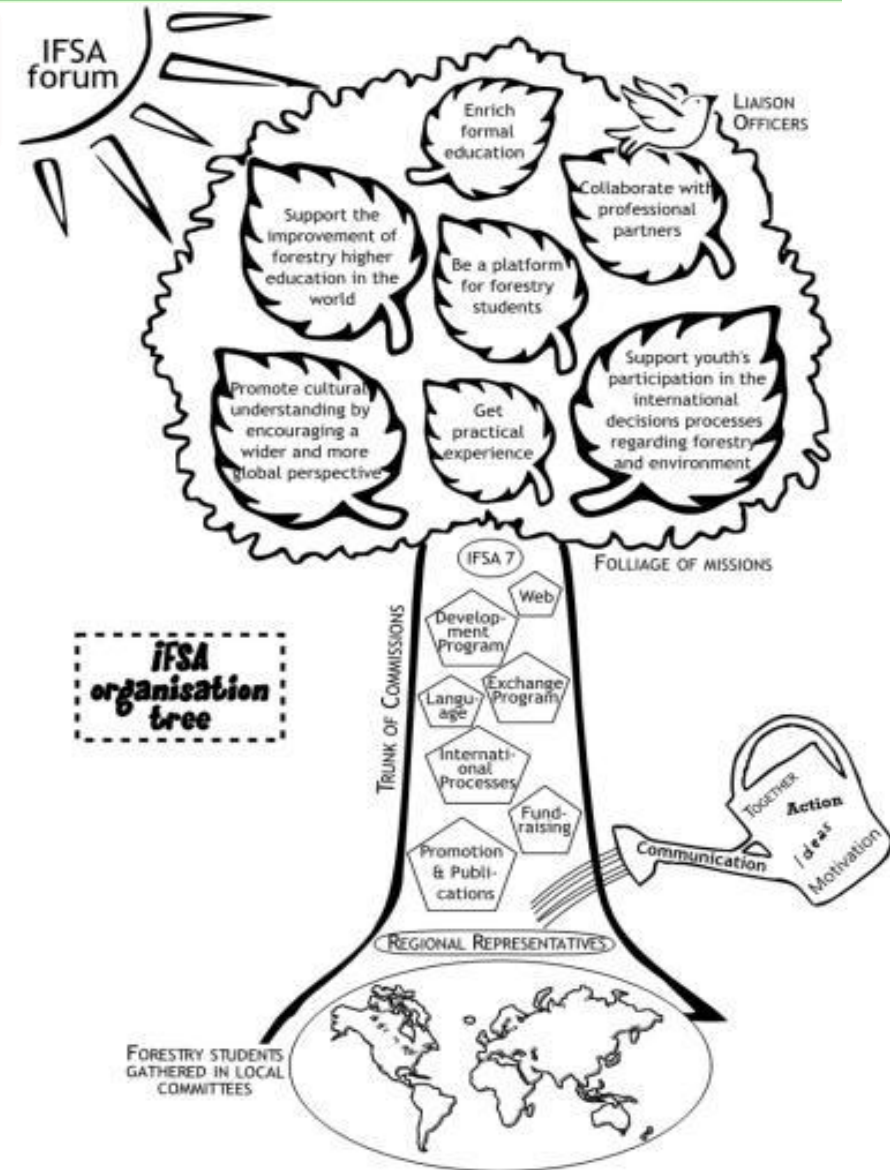

global network for  
forestry students

entirely run by  
voluntary students  
work

# The Role of IFSA

- Enriching formal education
- Broaden and exchange knowledge
- Promote cultural understanding and dialogue
- Support youth involvement in policy making processes

# IFSA Strategy

- GOAL 2: Contribute to the improvement of higher education and promote non-formal learning
- GOAL 3: Broaden forestry students' horizons and represent youth in global processes
  - > student meetings and cooperation with partners
  - > provide opportunities for developing new skills
  - > strong representation & involvement in all regions of the world
  - > participation in international policy & decision making processes

# IFSA Activities (Internationally and locally)

## Local scale

*Planting trees together with local people*

*Trainings*
