

Aichi-Poster Vernissage and Exhibition:

Tuesday, December 6th, 2016, 13:15h – 14:45h, Cancun, Mexico

CEPA Fair

First floor of the Universal building, attached to the Moon Palace Arena

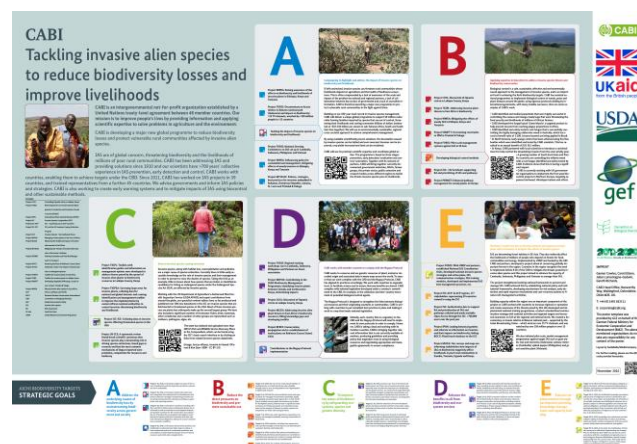

Background

The Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH, on behalf of the German Federal Ministry for Economic Cooperation and Development (BMZ), and in close collaboration with the Secretariat of the Convention on Biological Diversity (CBD) developed a new online poster tool (www.Aichi-Poster-Tool.com) allowing CBD parties and/or related development cooperation programmes to independently visualize a comprehensive résumé of their approaches and the results and impacts achieved so far with respect to the Aichi-Targets.

Vernissage

The exhibition will be formally opened during a vernissage at the CEPA-Fair hosted by GIZ and the CBD Secretariat. It will provide an opportunity to

- present and discover posters created with the tool;
- learn from the experiences highlighted on the posters by Parties and other stakeholders;
- share experiences with regards to the preparation process of the posters and discuss possible future uses of the tool, including in the context of the CBD online reporting system.

Agenda
