

## **How does the Central Asia region compare with the global NBSAP assessment?**

We will try a quick Group Exercise, but working in country teams – resource persons to act as “prompts”.

1. Write down the “official” **start** and **finish** date of the last NBSAP (revision).

2. Describe/define these points:

**Start** – e.g. government notice, GEF grant, formation of NBSAP team, etc.

**Finish**: e.g. publication of NBSAP, adopted by Ministry, passed as Law, etc.

3. Identify 3 **STRONG** and 3 **WEAK** points about your NBSAP process.

4. Draw a timeline of your NBSAP process using a “**happiness index**” ranging from +5 to -5 to describe the general level of satisfaction with the process. Where the mood changes “direction” try to identify/describe the cause.

5. Present your results in either Russian/Turkish or English, but as neatly as possible so that the results can be scanned and recorded electronically.
