

Thematic report on Protected areas

Republic of Uzbekistan

System of protected areas

1. What is the relative priority afforded to development and implementation of a national system of protected areas in the context of other obligations arising from the Convention and COP Decisions?		
a) High	b) Medium	c) Low
2. Is there a systematic planning process for development and implementation of a national system of protected areas?		
a) no		
b) in early stages of development		
c) in advanced stages of development		
d) yes (please provide copies of relevant documents describing the process)		
3. Is there an assessment of the extent to which the existing network of protected areas covers all areas that are identified as being important for the conservation of biological diversity?		
a) no		
b) an assessment is being planned for		
c) an assessment is being undertaken		
d) yes (please provide copies of the assessments made)		

Regulatory framework

4. Is there a policy framework and/or enabling legislation in place for the establishment and management of protected areas?	
a) no	
b) in early stages of development	
c) in advanced stages of development	
d) yes (please provide copies of relevant documents)	The Laws: "On special Protected Areas", "On Nature Protection", "On Animals using and Protection", "On Plants Using and Protection", "On Forest"
5. Have guidelines, criteria and targets been adopted to support selection, establishment and management of protected areas?	
a) no	
b) in early stages of development	
c) in advanced stages of development	
d) yes (please provide copies of guidelines, criteria and targets)	

6. Does the management of protected areas involve the use of incentive measures, for instance, of entrance fees for park visitors, or of benefit-sharing arrangements with adjacent communities and other relevant stakeholders?	
a) no	
b) yes, incentive measures implemented for some protected areas (please provide some examples)	In two national parks and ecological Center “Djeiran”
c) yes, incentive measures implemented for all protected areas (please provide some examples)	

Management approach

7. Have the principal threats to protected areas and the biodiversity that they contain been assessed, so that programmes can be put in place to deal with the threats, their effects and to influence the key drivers?	
a) no	
b) an assessment is being planned for	
c) an assessment is in process	
d) yes, an assessment has been completed	
e) programmes and policies to deal with threats are in place (please provide basic information on threats and actions taken)	
8. Are protected areas established and managed in the context of the wider region in which they are located, taking account of and contributing to other sectoral strategies?	
a) no	
b) yes, in some areas	
c) yes, in all areas (please provide details)	
9. Do protected areas vary in their nature, meeting a range of different management objectives and/or being operated through differing management regimes?	
a) no, most areas are established for similar objectives and are under similar management regimes	
b) many areas have similar objectives/management regimes, but there are also some exceptions	
c) yes, protected areas vary in nature (please provide details)	There are 17 kinds of protected areas in national legislation. Above kinds corresponds to management of 6 categories of IUCN. There is one biosphere reserve

10. Is there wide stakeholder involvement in the establishment and management of protected areas?	
a) no	
b) with some, but not all protected areas	
c) yes, always (please provide details of experience)	
11. Do protected areas established and managed by non-government bodies, citizen groups, private sector and individuals exist in your country, and are they recognized in any formal manner?	
a) no, they do not exist	(the law makes provision for such a case)
b) yes, they exist, however are not formally recognized	
c) yes, they exist and are formally recognized (please provide further information)	

Available resources

12. Are the human, institutional and financial resources available adequate for full implementation of the protected areas network, including for management of individual protected areas?	
a) no, they are severely limiting (please provide basic information on needs and shortfalls)	
b) no, they are limiting (please provide basic information on needs and shortfalls)	Lack of trained specialists in protected areas Lack of trained inspectors in protected areas Absence of distribution of management's functions among governmental bodies Lack of budget financing
c) Available resources are adequate (please provide basic information on needs and shortfalls)	
d) yes, good resources are available	

13. Has your country requested/received financial assistance from the Global Environment Facility or other international sources for establishment/management of protected areas?	
a) no	
b) funding has been requested, but not received	
c) funding is currently being requested	
Project GEF\WWF “Creation of econet in Central Asia”: Project GEF\UNDP “Biodiversity protection on Kugitang mountains”	
d) yes, funding has been received (please provide copies of appropriate documents)	
GEF\UNDP “National Strategy and Action Plan of Biodiversity Conservation in Uzbekistan” GEF\WB “Biodiversity protection on West Tijn-Shan mountains”; GEF\UNDP “Establishment of the Nuratau-Kyzylkum Biosphere Reserve as a model for Biodiversity Conservation in Uzbekistan”	

Assessment

14. Have constraints to implementation and management of an adequate system of protected areas been assessed, so that actions can be initiated to deal with these constraints?	
a) no	
b) yes, constraints have been assessed (please provide further information)	Constrains assessed by State Committee for Nature Protection on test’s base
c) yes, actions to deal with constraints are in place (please provide further information)	
15. Is a programme in place or in development to regularly assess the effectiveness of protected areas management and to act on this information?	
a) no	
b) yes, a programme is under development (please provide further information)	
c) yes, a programme is in place (please provide further information)	
16. Has any assessment been made of the value of the material and non-material benefits and services that protected areas provide?	
a) no	
b) an assessment is planned	
c) an assessment is in process	
d) yes, an assessment has been made (please provide further information)	

Regional and international cooperation

17. Is your country collaborating/communicating with neighbouring countries in the establishment and/or management of transboundary protected areas?	
a) no	
b) yes (please provide details)	Transboundary protected areas on West Tijn-Shan mountains (Uzbekistan, Kazakhstan, Kirgizstan)
18. Are key protected areas professionals in your country members of the IUCN World Commission on Protected Areas, thereby helping to foster the sharing of information and experience?	
a) no	
b) yes	
c) information is not available	
19. Has your country provided information on its protected areas to the UNEP World Conservation Monitoring Centre in order to allow for a scientific assessment of the status of the world's protected areas?	
a) no	
b) yes	
20. If your country has protected areas or other sites recognised or designated under an international convention or programme (including regional conventions and programmes), please provide copies of reports submitted to those programmes or summaries of them. Chatkal biosphere reserve (n.16732 from 24.04.1986) Dengizkul lake includes in international list of Ramsar Convention (n. 1108 from 08/10/2001)	
21. Do you think that there are some activities on protected areas that your country has significant experience that will be of direct value to other Contracting Parties?	
a) no	
b) yes (please provide details)
