Report of the Third Meeting of the Board, 13-15 March 2013

I. Agenda item 1: Opening of the meeting, adoption of the agenda, organization of work and adoption of the report of the second meeting

1. The meeting was opened by the Co-Chairs on 13 March 2013. On behalf of the Board, they thanked the Government of Germany for its generous hospitality in hosting the meeting. Ms. Cornelia Pieper, Minister of State, Federal Foreign Office of Germany, delivered welcoming remarks on behalf of the Government of Germany.

2. The Board adopted the agenda as set forth in document GCF/B.01-13/01 (Provisional Agenda), amended as follows:

1. Opening of the meeting, adoption of the agenda, organization of work and adoption of the report of the second meeting
2. Report on activities of the Co-Chairs
3. Report on activities of the Interim Secretariat
4. Additional rules of procedure of the Board
5. Headquarters agreement
6. Communication and representation
7. Business model framework
8. Establishment of the independent Secretariat
9. Status of resources
10. Resource mobilization
11. Modalities for readiness and preparatory support
12. Arrangements between the Conference of the Parties and the Fund
13. Logo of the Fund
14. Other business
15. Report of the meeting
16. Closure of the meeting

3. The Co-Chairs stated that the Board, prior to the meeting, agreed on a no-objection basis to provisional arrangements for observer participation at this meeting. These arrangements were agreed upon for this meeting only and do not set a precedent for observer participation at future Board meetings. According to these arrangements, four active observers are allowed in the Board room for the duration of this meeting, seated at a separate table. The same four observers will remain throughout the meeting. One civil society active observer and one private sector active observer may make a three-minute intervention on each agenda item.

3. The Co-Chairs welcomed four active observers identified by civil society organizations (Mr. Steve Herz, Sierra Club and Ms. Meenakshi Raman, Third World Network) and private sector organizations (Mr. Abyd Karmali, Climate Markets and Investment Association (CMIA) and Ms. Andrea Bacher, International Chamber of Commerce) to participate in the meeting.

4. The Co-Chairs drew the attention of the Board to the draft report of the second Board meeting (document GCF/02-12/Drf.04 (Draft Report of the Second Meeting of the Board, 18-20 October 2012)). One Board member requested an addition to the draft report to reflect an offer he had made on the work plan of the Board. The Board adopted the report of the second meeting, contained in document GCF/B.02-12/Drf.04, as amended, and agreed to publish it on the Fund's website (document GCF/02-12/13 (Report of the Second Meeting of the Board, 18-20 October 2012)).
5. The Board also agreed to a proposal of a Board member on a different numbering convention for documents and decisions of the Board, starting with its June 2013 meeting.
6. In order to enable the access of observers to documents, the Co-Chairs proposed the Board approve the publication of formal documents prepared for this Board meeting on the Fund's website, with the understanding that this arrangement is for this meeting only and does not set a precedent for future Board meetings. They reminded the Board that the policy on publishing of, and access to, Board documents will be discussed under the agenda item on additional rules of procedure of the Board. The Board approved this proposal.

II. Agenda item 2: Report on activities of the Co-Chairs

7. The Co-Chairs presented an oral report on their activities. They reported that, in the four months since the second Board meeting, they have been working to progress the Board's work in preparation for this meeting. They attended the Conference of the Parties (COP) to the United Nations Framework Convention on Climate Change (UNFCCC) in Doha, Qatar, in November-December 2012, to present the Report of the Board of the Green Climate Fund to the COP to the UNFCCC (decision B/02-12/09). The report was noted by the COP with appreciation, as indicated in decision 6/CP.18 (Report of the Green Climate Fund to the COP and guidance to the Green Climate Fund).
8. The Co-Chairs also reported that they had overseen the work of the Executive Director Selection Committee and the teams on the business model framework and additional rules of procedure and liaised with their chairs; consulted on a range of matters with the Board members; provided guidance to the Interim Secretariat on preparations for this Board meeting, including the development of Board documents and meeting logistics; consulted and provided advice to the Interim Secretariat on the consultations with the Republic of Korea regarding the preparation of the draft Headquarters Agreement; and oversaw the work on the finalization of the report of the second Board meeting, the proposed consultancy on the business model framework and interim observer arrangements for this meeting.
9. The Co-Chairs advised the Board that the proposed consultancy on the business model framework did not proceed due to objections from two Board members. The Co-Chairs tried but were unable to resolve the two objections to the proposed consultancy. The objections were centred on the cost and process of hiring the consultancy, not the terms of reference. In the absence of a document on the Fund's business model framework, the Co-Chairs developed a format and agenda for the informal day on 12 March 2013, prepared a Co-Chairs' information note to inform discussions and invited submissions against the document.
10. A Board member reiterated that the supervision of the Interim Secretariat is one of the tasks of the Co-Chairs. Another Board member expressed the readiness of the Board to support the Co-Chairs in ensuring that they receive all the support they need from the Interim Secretariat. Some Board members emphasized the need to ensure full, equal and timely access of all relevant information and documents by all Board members. The Co-Chairs confirmed that the Interim Secretariat is providing all the necessary support to the work of the Co-Chairs and assured the Board that they will continue to steer the work of the Board in a transparent manner.

11. The Board took note of the information provided by the Co-Chairs.

III. Agenda item 3: Report on activities of the Interim Secretariat

12. A representative of the Interim Secretariat introduced document GCF/B.01-13/Inf.05 (Report on Activities of the Interim Secretariat). During the Board's consideration of this document, several members commented on the need to strengthen the Interim Secretariat and ensure it has sufficient capacity to service the Board. A Board member noted that staff hired by the Interim Secretariat should have relevant work experience, especially in developing countries, and the capability to address various options relating to Fund's activities that could be considered by the Board. Another member requested information on the activities of the Interim Secretariat, including planned activities and expenditures, including unit costs used for estimation of costs for staff, consultants, travel and other categories. The Co-Chair suggested to revert to the matters raised under agenda items 8 (b) and 9.

13. The Board took note of document GCF/B.01-13/Inf.05, covering the activities of the Interim Secretariat undertaken between 20 October 2012 and 15 February 2013.

IV. Agenda item 4: Additional rules of procedure of the Board

14. Alternate Board member Mr. Farrukh Khan, chair of the team of Board members/alternate members that was entrusted at the second Board meeting with the task of carrying forward the work on the additional rules of procedure, introduced the revised document GCF/B.01-13/02/Rev.01 (Revised Additional Rules of Procedure of the Board).

15. Mr. Khan explained that the team proposed to separate policy matters from the additional rules of procedure to allow for greater simplicity in the additional rules of procedure, and flexibility in policies. Consequently, he explained that the guidelines relating to observer participation, accreditation of observer organizations and participation of active observers, previously contained in the Appendix to Annex III of this document, were presented for adoption as a separate draft decision. Similarly, the matter of travel and compensation was removed from the document and presented as a separate draft decision.

16. Mr. Khan reported that the team had not reached agreement on all issues and, consequently, he was presenting document GCF/B.01-13/02/Rev.01 as part of his report to the meeting. In this context, he also circulated various options regarding paragraph 2 of Annex IV of the document and on voting, indicating that the latter had not been discussed by the team.

17. Many Board members emphasized the important role of observers. Some Board members called for allowing rotation among active observers and other enhancements of their status. One Board member stated that the Board should dedicate at least half a day at each meeting to engage with civil society.

18. The representative of the Third World Network proposed that active observers should be allowed to participate in working groups and committees. The representative of the CMIA mentioned that the positive experiences with the participation of observers from other funds, such as the Climate Investment Funds (CIFs), could be used as examples and expressed strong support for the core principle of self-selection of active observers and their replacements.

19. Several Board members emphasized the importance of funding the travel expenses of advisors from eligible developing countries. Mr. Khan explained that this matter was not meant to be addressed by the wording of the definition. The Co-Chairs confirmed that a separate policy would need to be developed on this matter, based on a document to be prepared by the Interim Secretariat, under the guidance of the Co-Chairs, for the June 2013 Board meeting.

20. Several Board members raised the matter of webcasting the Board meetings, which they supported for the sake of transparency. To ensure the Board can make an informed decision on webcasting, including its cost implications, the Co-Chairs suggested that the Interim Secretariat, under the guidance of the Co-Chairs, prepares a document on information disclosure, including webcasting, for the June 2013 Board meeting.

21. Board members sought clarification on the interpretation and application of various provisions of the additional rules of procedure, inter alia, on the provisions regarding vacancies, availability of documents to active observers, and venue of Board meetings. Moreover, Board members discussed other provisions, such as the invitation for participation of representatives of UNFCCC thematic bodies, participation of observer States in the Board meetings, and review of arrangements for observer participation. The representative of the Third World Network proposed that notifications of meetings be issued 30 working days before the meetings instead of 30 calendar days.

22. There were various views on the issue of voting rules. Some Board members stressed the importance of having voting rules. Some Board members questioned the wording relating to consensus in the draft rule and requested its deletion. The Co-Chairs noted the additional rules of procedure do not need to define consensus as this is done elsewhere. The Co-Chairs confirmed that they will consider the matter of formal voting and report back to the Board at its June 2013 meeting.

23. During the discussion on the guidelines relating to observer participation, accreditation of observer organizations and participation of active observers, Board members mentioned that it would be useful to have a contact point in the Secretariat to facilitate contacts with observers and emphasized the usefulness of receiving input from observers. The representative of the Third World Network supported the proposals on rotation of active observers, the dialogue with observers and having a contact point in the Secretariat. She stated that the active observers should be allowed to propose agenda items and that an advisory group of civil society should be created. The representative of the CMIA also supported the rotation principle to ensure the Board had direct access to the most appropriate expertise and reiterated the commitment of private sector organizations to having a dialogue between Board meetings.

24. Mr. Dipak Dasgupta, who chaired the additional rules of procedure team of Board members/alternate members on 14 and 15 March 2013, highlighted the need for an enhanced interaction with civil society. There was a widespread acceptance of the need to increase the amount of information on the Fund made available to civil society. In this context, one Board member reiterated his request for the introduction of webcasting and for allowing the rotation of active observers. The Co-Chairs reiterated that information on webcasting will be included in a document on information disclosure to be prepared for the June 2013 Board meeting.

25. With regard to annexes on definitions and applicability and on composition, selection and term of Board members and alternate members, a representative of the Interim Secretariat provided clarification on conceptual differences between the provisions mentioning constituencies in decision 3/CP.17 (paragraph 10) and the Governing Instrument. The team of Board members/alternate members discussed various options for reconciling such differences and proposed draft text to the Board for adoption.

26. Board members provided views on a draft decision on travel and compensation. Some Board members considered that rules different from those of the UNFCCC should be applied.

27. Following the discussion, the Board adopted the following decisions:

The Board

V. Agenda item 5: Headquarters Agreement

28. A representative of the Interim Secretariat introduced the draft Headquarters Agreement, distributed as an informal document. A representative of the host country of the Fund, the Republic of Korea, explained the process that will be undertaken to enact the Headquarters Agreement domestically. The representative explained that an act for the special domestic statute of the Fund has been drafted and, after completing administrative processes, will be submitted to the National Assembly of the Republic of Korea. The statute will be enacted by the National Assembly prior to the ratification of the Headquarters Agreement.

29. The representative of the Republic of Korea further clarified that, once the Headquarters Agreement is finalized, it will be progressed through internal administrative processes, followed by submission to the National Assembly of the Republic of Korea for approval. The estimated timeframe for the ratification is three to four months.

30. Board members discussed the proposed authority of the Executive Director to conclude supplementary agreements with the Republic of Korea. Some Board members requested clarification on the topics to be covered by the supplementary agreements and whether the Board would be given the opportunity to decide on such agreements on a no-objection basis. A representative of the Interim Secretariat responded that supplementary agreements would address matters of a technical or administrative nature. They will only be concluded after the entry into force of the Headquarters Agreement.

31. Board members sought clarification on various provisions of the draft Headquarters Agreement, including the definition of Headquarters, immunity of dependents of staff from national service obligations and the need for final editing of the draft. A representative of the Interim Secretariat provided clarification to the effect that relevant provisions are consistent

with the provisions of headquarters agreements of other organizations and that both Parties to the Agreement would still do a thorough legal editing of the text. With regard to the exemption from national service obligations, the Interim Secretariat informed the Board that it will further examine this matter with the Government of the Republic of Korea.

32. Several Board members expressed their appreciation to the Government of the Republic of Korea for its efforts in preparing the draft Agreement.

33. Following the discussion, the Board adopted the following decision:

DECISION B.01-13/04

- (a) Took note of the draft Headquarters Agreement between the Republic of Korea and the Green Climate Fund;*

VI. Agenda item 6: Communication and representation

34. The Board considered document GCF/B.01-13/06 (Communication and Representation of the Green Climate Fund). A representative of the Interim Secretariat introduced the document.

35. Several Board members commented on the Frequently Asked Questions (contained in Annex III of that document) and emphasized that they should contain factual information and should not address matters on which the Board has yet to make decisions. It was suggested these should be finalized after inputs from Board members.

36. Board Members pointed out the need for improved internal communications among Board members to ensure transparency.

37. On the matter of Fund representation, a Board member reminded the Board that the Interim Secretariat was limited to providing technical and administrative support to the Board. It was mentioned by another Board member that other commitments of Board members limit their ability to represent the Board at external events. A Board member suggested that the Co-Chairs could explore a division of representational responsibilities between the Co-Chairs and the Secretariat based on the nature of representation requirements. A Board member inquired about the consideration of Fund representation on other bodies such as the Adaptation Committee and the Standing Committee on Finance.

38. A representative of the Interim Secretariat clarified that the proposals addressed interim arrangements for representation requests that had been received, pending a broader

Board policy about Fund representation on UNFCCC and external bodies. He also clarified that the matter of deliberations between the Fund and the Standing Committee on Finance would be discussed under the agenda item on arrangements between the COP and the Fund.

39. In view of the discussion, a Board member stated that the Fund needs to develop a communication strategy that provides a comprehensive vision for the Board's outreach activities.

40. The representative of the Third World Network highlighted the need to communicate with civil society, and suggested improved outreach through the Fund's website.

41. Following the discussion, the Board adopted the following decision:

DECISION B.01-13/05

The Board, having reviewed document GCF/B.01-13/06 Communication and External Representation of the Green Climate Fund,

- (a) Approved the scope of further work on communication outlined in Annex XIII to this report;*
- (b) Requested members and alternate members of the Board to provide inputs by 15 March 2013 for the finalization of the communication products included in Annex III of document GCF/B.01-13/06 by the Interim Secretariat under the guidance of the Co-Chairs;*
- (c) Requested the Interim Secretariat to prepare a concept note on the development of a communication strategy for the Fund, based on guidance provided by the Board, for consideration at the June 2013 Board; and to provide a draft communication strategy for the consideration of the Board at its September 2013 meeting;*
- (d) Took note of the guidance on representation at external events outlined in Annex V of document GCF/B.01-13/06;*
- (e) Decided that financial sponsorship of events should initially be discouraged, and appropriate and relevant requests for partnership in external events, with no associated financial commitment, should be considered by the Board on a no-objection basis;*
- (f) Decided that the approach to Fund's representation at future meetings of the Technology Executive Committee and on the Advisory Board of the Climate Technology Centre and Network is interim, pending the development of a broader Fund strategy on engagement with UNFCCC and external bodies;*
- (g) Decided that the selection of a Board representative in response to the ad hoc requests for Board's representation at future meetings of the Technology Executive Committee be guided by paragraph 8 of Annex IV to this report (Additional Rules of Procedure relating to the Co-Chairs); and*
- (h) Decided that the selection of a Board representative on the Advisory Board of the Climate Technology Centre and Network be undertaken intersessionally, once further clarity on the role, expectations and time commitment is provided by UNEP.*

VII. Agenda item 7: Business model framework

42. The discussion on the business model framework of the Fund followed the informal discussion on the same matter held on 12 March 2013. The Co-Chairs highlighted the elements of a draft decision they put forward for consideration by the Board, based on this informal discussion. They outlined the list of Board documents to be prepared for the June and September 2013 meetings, the method of work, the role of Co-Chairs and the business model framework team in guiding and ensuring coherence in preparation of these documents and

financial resources required to prepare them. The Co-Chairs also informed the Board that the Interim Secretariat will send monthly progress reports on the preparation of these documents to the Board.

43. Board members highlighted the good work undertaken by the business model framework team in preparing the terms of reference and the guiding questions on various elements of the business model framework. Many Board members expressed concern regarding the delay in the progress on the work and stressed the urgency in moving the work forward in operationalizing the Fund.

44. Board members discussed the areas of convergence proposed in the draft decision by the Co-Chairs. Many Board members highlighted the need for further exploring the matter of the results the Fund would aim to achieve through its financing, both for mitigation and adaptation. Many Board members emphasized the need to take a phased approach in operationalizing the Fund while others underlined that it may signal a lack of urgency. The matter of resource mobilization for the Fund was emphasized by many members as a priority in operationalizing the Fund. Some Board members underlined the need for a robust Fund design to attract a substantial amount of financial resources.

45. Board members emphasized country ownership as a core principle in building the business model of the Fund. Various proposals on the business model, centralized and decentralized, wholesale and retail, were discussed by the Board. On access modalities, Board members agreed that the Fund will commence as a fund that operates through national, regional and international intermediaries and implementing entities. Board members emphasized that the Fund, through its operational modalities, should be able to leverage additional public and private resources, both at the national and international levels. Some members emphasized the need for ensuring transparency and accountability in operationalizing the Fund.

46. On the matter of the Private Sector Facility, Board members emphasized the importance of operationalizing the facility to maximize the leverage of private sector resources. Board members also highlighted the need for innovative financial instruments to be employed by the facility. Some members emphasized the principles of country ownership in all the operations of the Fund, including the Private Sector Facility. One Board member underlined the need for developing no-objection procedures, as mandated by the COP, to ensure country ownership. One Board member noted that the Private Sector Facility should not be structured as a fund with separate governance but should be operationalized in parallel to the mitigation and adaptation windows.

47. One Board member emphasized the use of the research material prepared to support the Transitional Committee for the design of the Green Climate Fund in preparation of Board documents on the business model framework.

48. The representative of the CMIA stressed that the diversity of risks and cost gaps impeding flows of private capital into low-carbon investments requires both wholesale and retail approaches and suggested the Fund apply a variety of financial instruments to leverage the private sector operating in various countries, industries and sectors. The representative of the Sierra Club called for a broad and open process and building on the work under the Convention and the Transitional Committee for the design of the Green Climate Fund. The representative of the Third World Network asked for clarification on how this work will be carried forward and emphasized the need for country ownership as a core principle in operationalizing the Fund. She also supported the view that the matter of resource mobilization is an important part of the business model framework.

49. Following the deliberations, the Board agreed on the matters that reflected convergence of its views, as reflected in decision B.01-13/06. It was noted by the Co-Chairs that, in addition to the provisions of the Governing Instrument, these matters will guide the preparation of Board

documents on the elements of the business model framework for consideration by the Board at future meetings.

50. One Board member requested information from the Interim Secretariat on how the requested documents will be prepared for the June and September 2013 Board meetings. He enquired as to whether information included in documents for meetings of the Transitional Committee for the design of the Green Climate Fund could be collated and synthesized as input in the preparation of documents listed in Annexes XIV and XV to this report. A representative of the Interim Secretariat described an approach of employing consultants and utilizing Interim Secretariat staff in preparation of these documents.

51. Following the discussion, the Board adopted the following decision:

DECISION B.01-13/06

The Board, having reviewed document GCF/B.01-13/11 Business model framework of the Green Climate Fund:

- (a) Took note of, and welcomed, the work of the business model framework team, comprised of six Board members/alternate members, formed at its second meeting under decision B.02-12/03, in the preparation of the detailed terms of reference for a consultancy on the business model framework of the Green Climate Fund, as contained in the Annex of document GCF/B.01-13/11;*
- (b) Noted that the following areas of convergence on the business model framework of the Fund are consistent with the Governing Instrument, namely that the Fund will be ambitious, flexible and scalable, have a country-driven and owned approach, employ direct access and other access modalities, and leverage additional public and private resources through the operational modalities of the Fund, including through the Private Sector Facility;*
- (c) Further noted convergence that the Fund should also:*
 - (i) Recognize that a country driven approach is a core principle to build the business model of the Fund;*
 - (ii) Commence as a fund that operates through accredited national, regional and international intermediaries and implementing entities;*
 - (iii) Focus initially on grants and concessional lending, and employ additional financial instruments as necessary to effectively achieve the objectives of the Fund; and*

- (f) Requested the Interim Secretariat, under the guidance of the Co-Chairs, to draw from, and build on, the work on the terms of reference for a consultancy on the business model framework of the Green Climate Fund to develop the parameters for the work set out in Annexes XIV and XV to this report;*
- (g) Requested the Co-Chairs to work with the Interim Secretariat to ensure that there is overall coherence within the development of the business model framework work, as well*

as coherence between the business model framework work and the broader work plan of the Board;

- (h) Requested thereafter that the business model framework team provides guidance on the work set out in Annexes XIV and XV to this report and coherence, and report to the Board at its June and September 2013 meetings;*
- (i) Requested the Interim Secretariat to undertake the work set out in Annexes XIV and XV to this report with the assistance of consultants, and reflect upon the views expressed at the March 2013 Board meeting and in submissions on the business model framework by the members and alternate members of the Board and observers;*

VIII. Agenda item 8: Establishment of the independent Secretariat

A. Selection of the Executive Director

52. Mr. Manfred Konukiewitz, Chair of the Executive Director Selection Committee, introduced document GCF/B.01-13/05 (Progress Report of the Executive Director Selection Committee) and provided an overview of the activities of the Committee. He reported that the Committee revised the terms of reference for the Executive Director in accordance with, and under the guiding principles of, the Governing Instrument, that a search firm was contracted to assist the Committee in its work and reiterated that the support provided by the search firm will be performed under the close guidance of the Committee.

53. Mr. Konukiewitz suggested that Board members could also be requested to submit the names of suitable candidates for the position of Executive Director to the Committee for further consideration. In terms of timeline, he informed that it is the aim of the Committee to enable the

Board to finalize the selection of a successful candidate by the time of the June 2013 Board meeting.

54. One Board member raised concern that a three-year contract term might be too short and could discourage candidates to apply. The Board discussed the option for reappointment, which should be subject to performance assessment. One Board member sought clarification from the Chair of the Committee on the qualification requirement of 'intellectual leadership' and proposed the term 'experience' instead.

55. Several Board members discussed the aspect of remuneration of this post in relation to the need to attract a high calibre person and the necessity to be competitive with, and comparable to, similar institutions. One Board member noted that the rate presented in the terms of reference was too high and proposed that the annual remuneration should not exceed US\$ 250,000, including benefits. It was agreed that further discussion by the Board would be taken on this matter.

56. One Board member requested an amendment to the draft decision presented to include an authorization for the Interim Secretariat to advertise the vacancy announcement for the post.

57. One Board member noted that knowledge of Korean could also be an advantage among the qualifications.

58. On 15 March 2013, Mr. Konukiewitz explained to the Board that the reference to remuneration in the terms of reference was unclear, because it includes benefits, which cannot be fixed in advance as they depend on the selected candidate's personal situation. Therefore, the Committee recommended referring to comparable classifications in comparable institutions instead of a figure the Annex to the decision containing the terms of reference for the Executive Director.

59. Following the discussion, the Board adopted the following decision:

DECISION B.01-13/07

The Board, having considered document GCF/B.01-13/05 Progress Report of the Executive Director Selection Committee,

(a) Approved the terms of reference, including the job description and qualifications, for the Executive Director set out in Annex XVI to this report; and

(b) Authorized the Interim Secretariat to advertise the vacancy announcement.

B. Review of staffing of the Interim Secretariat

60. A representative of the Interim Secretariat introduced document GCF/B.01-13/Inf.04 (Staffing of the Interim Secretariat) and also provided clarification on the staffing aspects raised under agenda item 3 (Report on activities of the Interim Secretariat), such as the delay in the recruitment process.

61. A Board member noted that there are currently not sufficient human resources in the Interim Secretariat to support the transitional phase of the Fund. A Board member proposed that contracting additional staff on a secondment basis would bridge this gap most effectively. Another Board member noted that the support provided by the Interim Secretariat should be supplemented by additional Global Environment Facility (GEF) secretariat staff and recommended contracting further staff through the GEF secretariat to expedite the process.

62. The representative of the Third World Network mentioned the need to recruit staff with experience on small and medium enterprises, while ensuring a gender-balanced approach.

63. The Board took note of document GCF/B.01-13/Inf.04.

C. Guidance on administrative policies of the independent Secretariat

64. A representative of the Interim Secretariat introduced document GCF/B.01-13/04 (Administrative Policies of the Independent Secretariat).
65. The Board members discussed the options for the administrative framework presented in the document and stated their preferred option. Several Board members noted Option 1 (United Nations (UN) common system administration) is the most suitable administrative framework for the Fund. One Board member noted that Option 1 provides best value for money and therefore did not agree to the rationale that a higher remuneration would attract more qualified candidates, stressing that salary is not always the main incentive. One Board member stated that Option 1 is most efficient in terms of reduced time and cost involved in the implementation. One Board member noted that both Option 1 and the option of modeling the Fund's administrative framework on that utilized by multilateral development banks (MDBs) (Option 2) are equally cost- and time-intensive. Another Board member noted that the difference between the two Options is not the funding level, since the overall gross cost is similar.
66. Several Board members stated their support for Option 2 and expressed the need to be able to compete with other multilateral development banks, including in attracting the most qualified candidates with finance backgrounds, with the aim of assisting the Fund to operate effectively. One Board member stated that high quality service needs to be provided to developing countries and compensation should be accordingly high.
67. Several Board members stated that the Fund will be similar to multilateral development banks, highlighting that that is the labour market that should be targeted. In this regard, a number of Board members stated that the Asian Development Bank (ADB) system would be a good model for the Fund, which will also be situated in the Asian region.
68. One Board member mentioned that the uncertainty around the development of the Fund should also be taken into consideration, as this could have an effect on attractiveness to potential candidates.
69. One Board member proposed a phased approach in establishing administrative policies, by implementing Option 1 and potentially over time shifting to Option 2. Another Board member objected to the proposal of a phased approach, stating that it could create an element of uncertainty and therefore it would not attract applicants.
70. One Board member also stated that salary levels should not be seen in isolation of the design of the Secretariat.
71. Some Board members suggested the option of a hybrid proposal to address the priorities stated by the Board. One Board member mentioned the International Fund for Agriculture Development (IFAD) as an example, stating that it has characteristics of a financial institution and is part of the UN, but contains elements of a multilateral development fund. He also mentioned the example of the ADB.
72. The representative of the Third World Network expressed her support for Option 1, stating that the Fund is a Convention-derived entity and noted good experience with UN organizations.
73. The Co-Chairs requested two Board members (Mr. Yoshiki Takeuchi and Mr. Bambang Brodjonegoro) to discuss this matter further, analyse the options at hand, and present a proposal to the Board that would serve the best interest of the Fund.
74. Following their discussion, Mr. Brodjonegoro informed the Board they had discussed various options for administrative policies, taking into consideration the comments made by the Board. He informed the Board that they focused on various models of organizations in Asia with similar activities, taking the IFAD administrative model into consideration as well. Both Board

members identified the ADB remuneration package as a possible model and presented to the Board a hybrid option, in which the administrative model of IFAD would serve as the basic framework and elements of the ADB model would be incorporated. The overall remuneration at the ADB is compatible to other public financial institutions/MDBs and the benefit package is patterned along the UN model. The benefits package is family-oriented and includes education and housing subsidies, among others, to attract staff to Asia.

75. One staff member asked for clarification on whether a hybrid option, given its complexity, would cause delay. A representative of the Interim Secretariat informed the Board that the proposed hybrid option is very similar to Option 3 presented in the document. He stated that organizations that have implemented such a framework faced significant transitional challenges, which were both time- and cost-intensive. He stressed that a hybrid option could cause delay in establishing the independent Secretariat by 31 December 2013.

76. One Board member reiterated that getting high-quality staff is a critical matter, and that readiness and preparatory support are key in setting up this Fund. Several Board members requested that a comparative analysis of various options, including information on the complexities in implementing the options, be prepared by the Interim Secretariat.

77. The Co-Chairs proposed to take this matter forward by requesting further information to be prepared by the Interim Secretariat and by seeking agreement by the Board between meetings on the administrative policies on a no-objection basis. In the event that no agreement can be reached between meetings, the Board will consider the options at its next meeting.

78. Following the discussion, the Board adopted the following decision:

DECISION B.01-13/08

The Board, having reviewed document GCF/B.01-13/04 Administrative Policies of the Independent Secretariat,

- (a) Requested the Interim Secretariat to further explore the feasibility of the options presented in document GCF/B.01-13/04, including a United Nations common system, a multilateral development bank system and a United Nations common system – multilateral development bank system hybrid option based on the International Fund for Agricultural Development and the Asian Development Bank, in its further work on preparing the administrative policies of the independent Secretariat and prepare a working document for an intersessional decision by the Board on a no-objection basis;*
- (b) Decided that, upon an intersessional agreement of the Board, all necessary documents to this effect will be commissioned during the course of the next months and be ready for consideration by the Board at its next meetings in line with the timetable set out in Annex XVII to this report to ensure the transition from the Interim Secretariat to the independent Secretariat by December 2013; and*
- (c) Decided that, should the Board not agree intersessionally to an option for the administrative policies of the independent Secretariat, the matter be brought forward to the Board for consideration at its June 2013 meeting.*

IX. Agenda item 9: Status of resources

79. A representative of the Interim Secretariat introduced document GCF/B.01-13/Inf.02 (Status of Resources) and provided information on updated expenditures incurred by the Interim Secretariat as at 1 February 2013, drawing the Board's attention to the interim financial status report on the Green Climate Fund Trust Fund prepared by the Interim Trustee. This

report was circulated to the Board at the meeting, and provides updated information on the financial status of the Green Climate Fund Trust Fund as at 28 February 2013.

80. The Board member from the United Kingdom announced an increase in his country's pledge from GBP 400,000 to GBP 500,000. A representative of the Interim Trustee confirmed that this information would be reflected in subsequent reports, and also noted that, if all outstanding pledges as at 28 February 2013 were paid, approximately US\$ 176,000 would still be needed to fully fund decisions taken by the Board up to this meeting.

81. Some Board members requested that a cash flow analysis be included in future administrative budget reports. A Board member requested that benchmarks on costs also be incorporated in future administrative budget reports. A representative of the Interim Secretariat provided an explanation of the standard costs applied to salaries, consultancies, travel, as well as Board meeting venue and logistic costs.

82. Following the discussion, the Board took note of document GCF/B.01-13/Inf.02 and requested the Interim Secretariat to include cash flow analysis, as well as benchmarks on costs, in future administrative budget reports.

X. Agenda item 10: Resource mobilization

83. The Board considered document GCF/B.01-13/08 (Resource Mobilization for the Fund). A representative of the Interim Secretariat introduced the document. Many Board members highlighted the need for the scale of resource mobilization for the Fund to meet the ambition and objectives of the Fund as defined in the Governing Instrument. The matters of adequacy and predictability of financial resources were emphasized in this regard. Some Board members also underlined the need for a well-designed Fund that focuses on results and delivers value for money in building the case for resource mobilization.

84. On the specific elements of the resource mobilization process, several Board members expressed their preference for Option 2 presented in the document, which begins with ad-hoc resource mobilization in the initial phase, to be followed by a periodic replenishment process.

85. Several other Board members expressed preference for Option 3, which is periodic replenishment process as the way forward for resource mobilization for the Fund. Some Board members underlined the need for a fair burden-sharing among contributors. Some Board members also called for exploring innovative sources beyond budgetary contributions from developed countries.

86. On the matter of earmarking, several Board members noted that the Fund should not allow for earmarking by contributors, while some called for flexibility. On the matter of financial input to the Fund, Board members also pointed to the need for flexibility in terms of the kinds of financial inputs that would be accepted, including grants, concessional lending and others. Some Board members stressed the need for accepting funding from contributors other than developed country Parties, including private sector and philanthropy organizations. One Board member stressed that financial inputs should also reflect the voting right of the contributor in voting rules to be adopted by the Board.

87. On the matter of a timeline for resource mobilization, several Board members highlighted that progress on the business model framework and accountability mechanisms, such as fiduciary standards and environmental and social safeguards, is a prerequisite for making any contributions to the Fund. Several other Board members called for contributors to provide clear timelines for resource mobilization for the Fund. Some Board members remarked that both processes need to run in parallel for the quick operationalization of the Fund.

88. In providing guidance on further work on resource mobilization, some Board members underlined that it should be guided by the provisions of the Governing Instrument and guidance

provided by the COP. Some Board members called for a strategic document on resource mobilization to be prepared by the Interim Secretariat for consideration by the Board at its June 2013 meeting. Some Board members called for needs assessments to be reflected in this document.

89. The representative of the Sierra Club called for expeditious resource mobilization and a pledging session in 2013 to send a strong signal of commitment. The representative of the Third World Network reminded the Board of the provisions of the Convention that provide guidance on resource mobilization and providing support to developing countries to undertake mitigation and adaptation actions.

90. In agreeing to the proposed draft decision, one Board member noted that the strategy document for the September 2013 Board meeting should propose a range of timelines for resource mobilization and that the Board, at its September 2013 meeting, should consider decisions on the Fund's approach to resource mobilization in the context of progress on the business model framework of the Fund. Another Board member called upon the Board members from developed countries to collectively discuss, and inform the Board on, the scale and timeline for resource mobilization for the Fund.

91. Following the discussion, the Board adopted the following decision:

DECISION B.01-13/09

The Board, having reviewed document GCF/B.01-13/07 Resource mobilization for the Green Climate Fund,

Approved the scope of further work set out in Annex XVIII to this report.

XI. Agenda item 11: Modalities for readiness and preparatory support

92. A representative of the Interim Secretariat introduced document GCF/B.01-13/08 (Modalities for Readiness and Preparatory Support).

93. A Board member provided a report on the matter of readiness and preparatory support, which was discussed at an informal dinner at the margins of the meeting and dealt with several elements of the document. The informal discussion concluded that the Fund's readiness activities need to be flexible in response to country needs, and empower national institutions. On the draft decision, the Board member highlighted the need to link the decision to the activities in paragraphs 18 and 19 of the document, as these activities could be done immediately. In addition, he suggested the organization of a technical workshop on readiness and preparatory support.

94. Further information on the informal discussion was provided by another Board member. The Board member highlighted the importance of acknowledging existing work in the area of readiness, in particular the work of the Government of Germany, noting that there is a need to build on current initiatives and not duplicate activities.

95. A Board member noted that readiness activities need to complement the business model framework and that the German Government had committed US\$ 50 million in funding for voluntary readiness activities aligned to the Fund, so that recipients will be in a position to access the Fund.

96. The representative of the CMIA stated that the private sector is supportive of readiness activities. He emphasized the experience of the CIFs-piloted Partnership Forum, which included a private sector forum. He indicated a preference for option C in paragraph 15 of the document.

97. The representative of the Sierra Club noted that readiness will expand the number of countries that can come forward with high-quality, transformational proposals.
98. A Board member acknowledged the importance of readiness and preparatory support, noting the Japan International Cooperation Agency had been providing support, and the need for a mechanism to avoid duplication of efforts.
99. Following the discussion, the Board adopted the following decision:

DECISION B.01-13/10

- (c) *Invited countries to provide additional resources to the administrative budget of the Fund.*

A letter from the Co-Chairs of the Standing Committee on Finance to the Co-Chairs of the Green Climate Fund was distributed to the Board.
101. The Co-Chairs presented a draft decision for consideration by the Board and provided answers to some Board members who sought clarification.
102. Following the discussion, the Board adopted the following decision:

XIII. Agenda item 13: Logo of the Fund

103. Board member Mr. Dipak Dasgupta introduced document GCF/B.01-13/09/Rev.01 (Logo of the Green Climate Fund – Revision). Mr. Dasgupta briefed the Board on a proposal for creating a visual identity for the Fund by launching an international competition inviting art and design schools and universities across the world to submit a logo of the Fund that depicts its ideals and character.

104. Following a number of comments from Board members, in particular on reaching out through the Fund's website for broader participation, developing rules for the competition, and the inclusion of timelines for the submission and evaluation of proposals, adjustments were made to the draft decision which was presented to the Board for its approval. Furthermore, following an intervention from the Third World Network, it was agreed that a cash prize through private sponsorship would not be in the best interest of the Fund and it was therefore decided that there would be no cash prize for the winner. However, recognition would be given by displaying the name of the individual/group who designed the winning logo at the headquarters of the Fund.

105. Following the discussion, the Board adopted the following decision:
