International Biological Diversity Day 2015

Organized by Fatima Jinnah Women University (FJWU), Rawalpindi, Pakistan

An event on International Biological Diversity Day 2015 was organized by the combined effort of faculty, staff and students of Environmental Sciences Department. Posters and models on different themes like Human impact on environment were prepared by students of environmental sciences that were evaluated by the respected jury. The event took place in new auditorium at 02:00pm. The event included the following

- Recitation of few verses from Holy Quran.
- A poem on the beauty of nature.
- A presentation on the link between the biodiversity and sustainable development
- A skit on inter-relationship of humans and their environment
- The ambassadors from Iran Mr. Salman Rasouli, Project Manager at CENESTA, Miss Fereshteh Sabetian, Programme officer at CENESTA and Mr. Jailab Kumar Rai, lecturer at Tribhuvan University, Nepal gave short presentations on biodiversity and cultural diversity of their respective countries.
- Mr. Irshad Ramay Coordinator of National Cleaner Production Centre shared his views about role of common people for conservation of Biological diversity
- Mr. Tahir Rashid General Manager of the social Capital Development department at Lead Pakistan appreciated the efforts of FJWU and enlightened the audience about extinct and threatened species of Pakistan

The session concluded with prize distribution ceremony among the winners of model and poster competition.
