

**Message from  
Dr. Bradnee Chambers, Executive Secretary  
of the Convention on Migratory Species (CMS)**

**International Day of Biodiversity  
“Celebrating 25 Years of Action for Biodiversity”  
22 May 2018**

“CMS is proud to be recognized as a lead partner on matters relating to the conservation and sustainable use of migratory species and to be a fellow member of the Biodiversity Liaison Group. We look forward to working together to meet the challenges of the future as we prepare to move into the post-2020 agenda for sustainable development. We must ensure that the conservation of nature and all of its components is at the heart of policy-making by decision-makers and appreciated by the public at large.”
