

**INTERNATIONAL YEAR
OF FORESTS • 2011**

INDICATORS UPDATE

Indicators for TK and Customary Use

JUNE

2011

Decision X/43 -Multi-year programme of work on the implementation of Article 8(j) and related provisions of the Convention on Biological Diversity

Paragraph 10 – Requests the Executive Secretary to convene, an [international meeting on Article 10 with a focus on Article 10\(c\)](#), to provide advice on the content and implementation of the new major component of work

Decision X/43 -Multi-year programme of work on the implementation of Article 8(j) and related provisions of the Convention on Biological Diversity - Indicators

Requests the Executive Secretary,

- To pursue the ongoing refinement and use of the proposed indicators;**
- To explore, through further technical workshops, the development of appropriate indicators for customary sustainable use**
- To collate views provided by parties and others on the development of indicators on secure land tenure**

Decision X/43 -Multi-year programme of work on the implementation of Article 8(j) and related provisions of the Convention on Biological Diversity

15. *Invites* the International Labour Organization to explore the possibility of compiling data concerning the practice of traditional occupations and to provide advice on the use of this indicator;

16. *Further invites* the relevant agencies, including the Food and Agriculture Organization of the United Nations, the International Fund for Agricultural Development and the International Land Coalition, to provide advice on the use on the indicator “Status and trends in land-use change in the traditional territories of indigenous and local communities”;

Decision X/43 -Multi-year programme of work on the implementation of Article 8(j) and related provisions of the Convention on Biological Diversity

14. *Adopted* the following proposed indicators:

(b) Status and trends in land-use change and land tenure in the traditional territories of indigenous and local communities;

(c) Status and trends in the practice of traditional occupations; to complement the adopted indicator*,

(a) On status and trends of linguistic diversity and numbers of speakers of indigenous languages.

Focal area - protection of traditional knowledge, innovations and practices, in order to assess progress towards the post-2010 biodiversity target, as well as to assess progress in the implementation of the revised Strategic Plan;

Strategic Plan for Biodiversity 2011-2020 And the Aichi targets

Target 14.

By 2020, ecosystems that provide essential services, including services related to water, and contribute to health, livelihoods, and well-being, are restored and safeguarded, taking into account the needs of women, indigenous and local communities, and the poor and vulnerable.

Strategic Plan for Biodiversity 2011-2020 and the Aichi targets

Target 18.

By 2020, traditional knowledge, innovations and practices of indigenous and local communities relevant for the conservation and sustainable use of biodiversity, and their customary use of biological resources, are respected, subject to national legislation and relevant international obligations, and fully integrated and reflected in the implementation of the Convention with the full and effective participation of indigenous and local communities, at all levels.

Thank you for your attention!
